Mission

The mission of HOSA is to empower HOSA-Future Health Professionals to become leaders in the global health community through education, collaboration, and experience.

Purpose

The purpose of HOSA-Future Health Professionals is to develop leadership and technical HOSA skill competencies through a program of motivation, awareness and recognition, which is an integral part of the Health Science Education instructional program.

2024-2025 sponsorship

TIME

Judge a competition (Free!)
We're always looking for health care professionals to serve as judges for our 50+ competitive events and give students feedback to help them grow and improve.

EXPERIENCE

Present a workshop (Free!)
Sharing your experiences as a health care professional helps students explore potential careers and learn more about opportunities in the health care industry.

FINANCIAL SUPPORT

Become a sponsor
Your financial support helps defray expenses associated with planning and executing SLC, including facility rentals, printing costs, catering, travel, activities, and even T-shirts.

The health professionals of tomorrow need your support today.

HOSA—Future Health Professional’s goal is to enhance the quality of health care for all by developing dedicated health care workers who are people-oriented and capable of playing a leadership role as a member of a health care team. To do so, we believe health and biomedical science students need training that goes far beyond the basic technical skills needed for entry into the health care field.

That’s why we bring together partners and health science educators to provide classroom and instructional resources to help our members develop leadership skills, network with health care professionals, and practice workplace readiness skills. Students have an opportunity to showcase what they have learned at our annual State Leadership Conference (SLC) and International Leadership Conference (ILC).

Be a judge!

Follow the QR code to be a judge. We’re always looking for passionate professionals to judge our competitions! Judging is a wonderful way to share your experience and help future business professionals develop and improve critical skills.
